MHJCA is a 501(c)(3) tax-exempt nonprofit organization and the programs are provided at no charge for our services as all labor is volunteered by our members. We would, however, ask for a reimbursement of materials cost for each program in addition to gas mileage of volunteers as our trained members would have to travel and dedicate their time at numerous occasions throughout a year since the numbers are limited. Please be advised, this application does not guarantee the acceptance of our program which is entirely depending upon our volunteer's availability and final criteria based on our volunteer's safety. The terms and conditions are subject to change without advance notice.
